LEARNING, TEACHING AND ASSESSMENT INFORMATION

6a. Module Description

Understanding the sporting landscape is the starting point for any professional working in sport. This module introduces students to the key theoretical and practical concepts of sport coaching and development. Delivered through a series of lectures, seminars, practicals, as well as industry based guest lectures. The module examines the role of key organisations that oversee and deliver sport in the UK (and abroad) as well as an appreciation of the broader sporting context in which sport practitioners operate. By the end of the module, you will have developed an appreciation of the coaching process in terms of the pedagogical, managerial, behavioural and ethical components which enable good practice. As well as the module specific knowledge, you will also further enhance your key employability skills of written communication and your awareness of the options available for career pathways.
