LEARNING, TEACHING AND ASSESSMENT INFORMATION

6a. Module Description

This module will help you develop additional critical knowledge, skills and competencies that will prepare you for progression to undergraduate study on our portfolio of extended degree programmes. The module will give you the opportunity to focus on an area most relevant to your chosen course and investigate a topic that interests you the most. There will be specific lectures, workshops and tutorials covering the approaches, skills and competencies required for project-based learning, you will also be participating in regular group supervision sessions with a relevant member of staff for your topic. You will be encouraged to be creative with the outputs presented – both “in writing” and “in person” using graphics, audio, video etc. to bring your topic to life. You will be encouraged to reflect on your own learning and development throughout the module.

6b. Outline Content
